Mr. Maloy posed the question to the Board that if he could get a petition with taxpayers signatures on it, how many signatures would he have to have in order for the commissioners to change their mind about building the store. Commissioner Varnum stated that if Mike would draw up a petition stating all the facts regarding building of the store, including the fact that the County would lose \$3,000,000.00, and if he could show him by these signatures that the people of Calhoun County did not want the store, then he might change his mind.
